

IGS

IGS Troposphere Working Group

2022 IGS Workshop, Virtual
June 2022

S Byram

Earth Orientation Department, US Naval Observatory,
Washington DC USA
sharyl.m.byram.civ@us.navy.mil

- Who is in attendance?
- Charter Updates
- IGS Final Troposphere Estimates: status report
- Updates to FTEs?
- Looking Forward: Recommendations, Next Meetings
- Topics for discussion?

Who is in attendance?

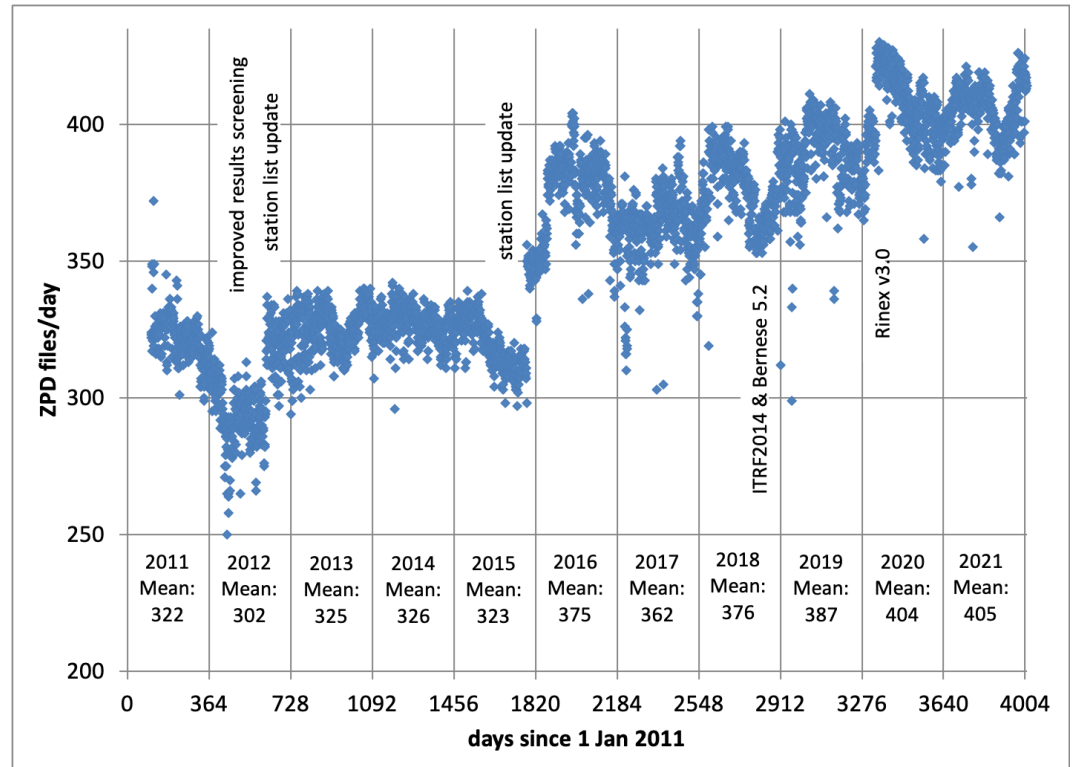

- Lets go around the “room”.....difficult in virtual meetings
- Can join the working group mailing list at:
<https://igs.org/mail/>

Tropo WG Charter Updates?

- Per IGS request to working groups, time to review current charter
- Charter can be found at:
 - <https://igs.org/wg/troposphere/#charter>
- Please send suggestions to me by end of July

Status report: IGS FTEs

- USNO/Dr S Byram and Mr Jeffrey Crefton generate
- ZTD, gradients every five min for most IGS receivers
- 405 stations/d in 2021
- Computed using *Bernese GPS SW 5.2*, GMF, PPP using IGS Final Orbits/EOPs/SV clocks
- Available on CDDIS

Number of quality-checked IGS Final Troposphere Estimate files submitted to IGS per measurement day.

- ***Repro 2* computation:**
 - Clock products not recommended for use
 - Interest in creating tropo *Repro 2* with those orbits/clocks/EOPs?
- **Rinex 3 observation files:**
 - Prioritize using v3 if v2 also available, increasing availability
 - Increased number of stations processed ~25/day
- **Missed stations**
 - Attempting to fill in any missed stations in past years
- ***Repro 3 orbit and clock solutions available***

- ***Is it time to make changes to the IGS FTEs?***
 - ***Models?***
 - ***GMF currently, test others?***
 - ***Elevation cutoff?***
 - ***7 deg currently***
 - ***3 deg asked from ACs for Repro3***
 - ***Multi-GNSS?***
 - ***GPS only currently***
 - ***Repro3 Multi-GNSS AC solutions***
- ***Updates to screening and quality control measures?***
 - ***How to access quality of IGS ZPD files?***
- ***Other changes?***

Next TWG Project?

- *Repro 3 AC comparisons?*
- *Multi-GNSS solution?*

- *Any suggestions?*

Looking Ahead: Next Possible TWG Meeting

- ***2022 AGU Fall Meeting***
 - 12-16 December 2022
 - San Francisco, CA

- ***2023 EGU General Assembly ?***
 - 3-8 May 2023
 - Vienna, Austria

Think of something later? Email me at
sharyl.m.byram.civ@us.navy.mil
(note: this is a new email address)

Thank you for attending.
Enjoy the rest of the workshop!
