Why become an IGS Associate Member?

Vote for Governing Board Members

Nominate and elect incoming Governing Board members. Candidate nominations must include a curriculum vitae, statement of intent, and letter of support from their organization.

Open Associate Member Meetings

A forum exclusively for our Associate Members and friends to gather in between workshops to discuss ideas and learn about the IGS and its Working Groups.

[VIEW AM MEETINGS](#)

IGS Governing Board Candidate*

As an IGS Associate Member, you are eligible to be nominated for open IGS Governing Board member positions.

**Nomination/Candidacy is not guaranteed*

What is an IGS Associate Member?

The Associate Members of the IGS are described in the terms of reference as

- “...persons representing organizations that participate in any of the IGS components.
- The membership is balanced with respect to IGS components, organizational representation and geography, and is meant to represent institutions which contribute significantly to the IGS on a continuous basis”

IGS Network

530+

stations in

125+

countries/regions

440+

multi-GNSS stations

(with at least four GNSS)

To explore all stations, visit
<https://network.igs.org/>.

IGS Data and Analysis Centers

Data Centers

Provide observations and other relevant files

Analysis Centers

Computing products

Analysis Center Coordinator

Compare and combine AC products

IGS Committees (1/2)

IGS Committees (2/2)

Bias and Ambiguity Resolution

IGS Pilot Projects and Working Groups

Hosted by IAG at
